The worker facilitates the ongoing assessment, the service plan, referral coordination and discharge plan for the client and their family. The worker assists the client and family with the goal of maximizing client empowerment and health through culture aware services, education and programs both within the program and in conjunction with other service providers.
- Facilitate groups that promote healing and recovery, social change, problem solving in human relationships and empowerment to enhance well-being.
- Function within an inter-professional model of care leveraging existing networks/partnerships (both internally and externally), programs, services, and supports in order to provide holistic wellness supports to individuals and communities;
- Build relationships with community members, including residents and other stakeholders;
- Identify opportunities to strategically align with existing City strategies, community programs, and for further service development in order to address changing community needs and critical service gaps to reduce barriers and increase access to resources and critical supports; and
- Support the development and implementation of data monitoring and evaluation practices that adequately capture project activities and outcomes for both internal and external reporting purposes.

Educational and/or Professional Qualifications:

- Demonstrated knowledge, skills and abilities in Social Work, Social Services, Recreation either attained from a degree or diploma from an accredited university or college program or through an equivalent level of experience
- Minimum 5 years' experience case management experience and/or front-line experience with vulnerable populations.
- Support clients' recovery through the provision of intensive case management services including: client-centred assessments, treatment, recovery-oriented and support services; and working with families to promote mutual support, capacity building and empowerment.
- Facilitate linkages between clients and community resources and collaborating with appropriate service providers or community organizations.
- Identify issues and provide advice, consultation, support and information to clients, their families, service providers and the community on mental health and related matters.
- Address barriers that impact on the client's and family's ability to access mental health services.
- Participate in providing education to community service providers and other stakeholders regarding culturally responsive service.
- Demonstrated commitment to principles of an anti-oppression and cultural competence framework;
- Excellent interpersonal, communication (written and verbal), problem-solving, organizational and time management skills;
- An interest and commitment to working in a low-income, multilingual, multiracial community;
- Thorough knowledge of broad determinants of health and issues affecting low income, multi-lingual and radicalized and LGBTQ communities;
- Maintain effective and timely documentation of client records.
