Scarborough Centre for Healthy Communities hosts palliative care rounds for **Health Care Providers** (e.g. PSWs, nurses, social workers, physiotherapist, physicians, etc.) working in the Scarborough community who are interested in learning more about palliative care. The rounds take place bi-monthly September, November, January, March and May, with no rounds scheduled for the summer months.

The format for rounds is typically one hour of education followed by one hour of discussion, including case presentations brought forward by participants. At times the education presentation extends into the second hour.

Community Palliative Care Rounds bring our external partners together in a collaborative forum where palliative care education and case based presentations occur. Opportunities for linkages, information sharing, and collegial support are enhanced.

Meetings take place at the mid-Scarborough HUB, 2660 Eglinton Avenue East (at Brimley). Registration is not required.

**Meetings Dates 2017 – 2018**
