

# The Hub Mid-Scarborough Community Engagement

## PROGRAM INFORMATION

**Community Hubs** are places where residents can gain new skills and make a difference in their neighbourhood. The Mid-Scarborough Hub is the nucleus of activities in the Eglinton East-Kennedy Park Neighbourhood since January 2010. By using the Hub as a gathering place residents can participate in community life, visit with their friends and champion community action for change. The Hub is important in helping to strengthen this culturally rich neighbourhood. There are programs and services from eight agencies housed at the Hub.
